5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

Swami Vivekanand Subharti University from its inception recognizes student's participative and democratic management with importance of providing an opportunity to express their views. The University always ensures that, our students play a major role in representation of day to day affairs of the University, working in partnership with University management. Though, in the beginning it was not as structured as Student council today, but through Class representatives or Class Monitors, under noble guidance of their mentors and faculty they were taking part in Court proceedings of the University, Disciplinary Committee, Sports Committee, Cultural Committee, IQAC, Anti Ragging Committee and Mess Committee etc. Swami Vivekanand Subharti University

can boast to be one of the pioneering Universities where "Buddy" system was introduced specially for students of other countries to make them comfortable and safe among new atmosphere and people. All these activities inculcate our student with the democratic leadership qualities, where all voices are heard and best alternative implemented. However, on the initiation and recommendations of Hon'ble Vice Chancellor to provide a structured shape and definite scope of student voices, after approval from Executive council, a student council has been duly formed in March 2019. To provide a fair representation of the 14 faculty in the council, it has been decided to select 02 students from the faculty where students' strength is more than 500, one student where strength is between 100 to 500 while less than 100 students are clubbed with other group to give them at least one member as representative. All elected students have been chosen on the basis of their first year evaluations. The Student council consisting of 28 students from different faculties and one faculty member primarily a mentor, has been made coordinator and returning officer for election among chosen 28 crème a la crème as president and secretary of student council. The elected student council under the guidance of Hon'ble Vice Chancellor, through deputed faculty member held regular meetings and help University administration in preparation of Academic calendar, Time table, IQAC, Disciplinary proceedings, mentorship to new students, Cultural activities, Sports activities, performance of Mess, clubs and professional bodies or any other activity assigned to them. Student council through their representation play a vital role in academic and administrative bodies/ committees in student grievances, prohibition and prevention of sexual harassment to prevent modesty of woman students and last but not the least University Upliftment by becoming an ambassador of their alma mater and promote our motto "???????, ????, ??????? ???? ?????????????".

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Decentralization and Participating Management are the two pillars of Governance leadership and Management for any Organization. Since inception, The University follows decentralized and participative management approach in all academic and administrative activities, initiatives and decision making by involving Deans, Heads of Departments and faculty members at all levels to ensure that the vision and mission of the university are realized through its goals and objectives with clear delegation of powers as described below. The decentralization and Participating can be categorized under three major heads viz Academic, Administrative and Financial decentralize affair. Academic Powers: Academic Council, Faculty Board, Boards of Studies and University Research Committees have been assigned with the powers to design, implement, monitor, evaluate and report on the various academic and research activities of the University and is constituted with faculty members and external experts (industry and Alumni) and are effectively functioning and carrying out their responsibilities. Finally effective participative management is reflected in academic sphere so much so that all the proposals initiated at the level of faculty and department are discussed and debated at the BOS level, followed by faculty Board, Academic council and finally by Executive council. All the course work, time table, midterm examination, evaluation of Assignment, curricular, extracurricular based calendar, finalization of internal result etc. are carried out at the college / development level. Besides the entire faculty members are parts and parcel of the various statutory committees which take various decisions. Financial Powers: The Executive Council of the University from time to time through its various resolutions has delegated ample financial powers right in the Chief Executive Officer to Finance affair, For instance, Vice Chancellor has unlimited powers to incur the expenditure for all matters sanctioned by Executive Council. The Director purchase has been authorized to incur expenditure upto Rs. 25000. The Head of the Institution can spend Rs. 10000 at a time on a particular item. Similarly the Finance Officer has been empowered to spend the money for the bills related to Account Department up to Rs. 10000. Administrative Powers: As regards Administrative powers, the respective Head of Institution is empowered to sanction Academic Leaves for attending the seminar, conferences, and symposium and vacation leaves.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	At SVSU, we follow the curriculum designed by the Apex bodies like MCI, DCI, AICTE etc. However, some modifications are periodically done which are purposeful, deliberate, and are for systematic organization to frame the instructional strategy. The input of different stakeholders such as parents, teachers, institutional heads, administration, and faculty board is obtained before proceeding with any revamp in curriculum. We gather the information from the subject matter

expert and, through much iteration, create instruction. For the social and industry exposure the curriculum is designed to integrate the field visits for the students without interfering with the syllabi prescribed by the governing bodies.

Teaching and Learning

Teaching and learning methodology has undergone a sea change and we aim at imparting new knowledge, modify behaviors, and skills that add to the range of learning experiences for the students. The students are guided in a manner that facilitates their journey from known to unknown. The traditional methods like chalk and black board are still followed but they have paved the way for more arenas of interactive teaching and learning. Every institute is equipped with at least one smart board for interactive teaching. Role plays and Powerpoint presentations are newer modes of imparting education. Regular workshops and interactive sessions are arranged in all fields with eminent faculty from the respective stream. Webinars are organized so that the learners are aware of the latest happenings. The faculty are encouraged to participate as well organize scientific melees for the benefit of students and faculty alike.

Examination and Evaluation

The examinations being institute centric are conducted in a fixed time frame and the results too are declared within a stipulated time period. Our examination system offers least rigidity and maximum practicality. The introduction of multiple choice questions, Objective structured practical examination and Objective structured practical examination have enabled the facilitators to evaluate students over a wide array of topics. Preparing of a centralized digitalized question bank is already under process. It will not only make the evaluation system more transparent and student centric Central evaluation is carried out in the Examination section under strict vigilance. The Credit based scoring system is already in place for evaluation of students in their areas of interest.

Research and Development

Innovative ideas and research culture is encouraged in the University. We

support and compliment efforts of the research scholars, research enterprise and its key stakeholders. Seed money and basic equipment is provided to conduct research. We host eminent professionals from various fields for scientific deliberations, workshops, hands on courses and this form of interaction with professionals for the students and the faculty as well is highly encouraging. Various MoU's have been signed with leading Industries and Universities for enhancing the consultancy and research activities. The university has a separate research committee for the medical and non medical group. The research thrust areas are identified, promoted, evaluated and the research outcome is disseminated. The efforts of the researchers are encouraged by providing incentives are for outstanding research articles, projects, research proposals and patents.

Library, ICT and Physical Infrastructure / Instrumentation

The University boasts of a high end central library separately for medical and non medical group both in terms of print as well as digital media. The library is updated as per the needs of the students. Apart from the central library, all the departments have their own library for the ready reference. The campus has wifi connection in all the nooks and corners for easy access to the online literature. The infrastructure is also upgraded as per the requirements and is both environment friendly and at the same time takes care of the differently abled individuals.

Human Resource Management

Human capital of the University is well managed by the Human Resource Department which looks after the welfare of the staff right from the recruitment to enhancing their skills in furtherance with the success of the University. The faculty are rewarded and recognized for their efforts and all the outstanding contributions are acknowledged. The University has earmarked the programs and policies for fostering the constructive work milieu through efficient employeeemployer relation. There are fully functional grievance redressal mechanism and wellness centre within the campus so as to look after the healthy environment

	for the workforce of the University.
Industry Interaction / Collaboration	Industry interaction helps us to bridge the gap between the need of the industry and end product of the University. Many a luminaries visit various institutes in the University and share their knowledge about the knowhow of the world. Industry interaction is regularly held in the campus with many recruitment drives being conducted on campus. This interaction provides a platform for students as it imparts the knowledge in them about what lies ahead of them in their field of study, what role they may resume in future, and precisely what may be expected out of them on the job as a manager. These interactions have enhanced the acumen of our alumni and have brought laurels to the University.
Admission of Students	In the Medical field the admission process is as per the GOI guidelines and is based on the Merit of the National Eligibility Entrance Test. To encourage the students for admission in other courses, we conduct Subharti National Eligibility Test (SNET) annually. All the latest gadgets and instruments are procured and they are well publicized by way of visual, online and print media. We organize the Subharti Mahotsav where the students from the higher and senior secondary classes from various schools are invited for the guidance regarding their career and future prospects. We have Online Youtube Videos where students can login at their leisure and can watch these videos which show the highlights and future of various programs run by the University.

6.2.2 – Implementation of e-governance in areas of operations:

7.1.5 – Human Values and Professional Ethics Code of conduct (handbooks) for various stakeholders

Title	Date of publication	Follow up(max 100 words)
Code of Conduct for Teachers	22/06/2019	It has been formulated keeping in mind "The Gurukul Sanskriti" and holistic development of children while performing their obligations all facilitators have to keep themselves abreast with modern technological advancement and research methodology also to increase awareness of teaching profession to ensure "professionalism with human touch" among teachers. And, this will help to advance their professional career. As they have a major role in bringing desirable changes in the behaviour of the students and correspondingly the

		<p>society. As teachers and mentors they have to earn respect and responsibility, generate sense of hope for students sense of urgency with continuous selflearning.</p>
<p>Code of Conduct for Non Teaching Staff</p>	<p>22/06/2019</p>	<p>At Swami Vivekanand Subharti University we understand the importance of high moral and support services through nonteaching staff, accordingly, code of conduct is being introduced for nonteaching staff which includes a responsibility of sustaining the highest ethical standards of the university and community in which they support the facilitators to function and ensure wholesome development of students as future citizens of India. The technical and administrative staff should strive to achieve for perfection and model environment where students don't hesitate to reach anyone and ask for support. All nonteaching personnel are expected to be punctual in attendance, and feel responsible for with the duties assigned, while treating all students and staff equally, they actively participate in all functions of university and play an important role by being member of any literary, scientific or professional organization</p>
<p>Code of Conduct for Students</p>	<p>22/06/2019</p>	<p>It has been formulated on 15th July, 2008 to define and communicate university's expectations from students in respect of academic matters and personal Social obligations. The conduct</p>

commences from knowing recognize "who is who" at university and pay due respect to authorities and seniors. At the same time it is important to maintain and follow university values regarding integrity, diversity, respect, freedom of inquiry and expression, strives to integrate these values into their education, research health care, best practices as University motto is ??????, ????, ??????? ??? ??????????? and they should not involve themselves in activities like ragging, or acts causing damages.

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

1. Rain Water Harvesting: University has in total 24 numbers water harvesting points in our campus as on today. 2. Energy conservation /alternate sources of energy: University has the solar power energy in terms of alternate sources of energy. Use of LED bulbs/power efficient equipment and sensor based energy conservation as been incorporated to promote the alternate sources of energy. We have sanctioned the "One Mega Watt" solar plant for different institutions as per their requirement in first phase. Work is in progress. We have covered Hospital with (100KW), Medical College with (100KW) and Nursing College with (50KW). 3. Plantation Drive: As a green initiative, we have planted 4448 numbers of trees as on now to maintain the greenery and environment inside the campus. 4. Mode of transport: To curb the carbon Pollution we have inducted the CNG buses, ERIKSHA, E Scotty and restricted parking for vehicles. We have passed the directive that every Wednesday will be observed as" Car free day. We have already declared that our campus is free from plastic. 5. Waste Management policy: As per norms we have implemented the waste management policy to curb the pollution in terms of solid waste, liquid waste, bio medical waste , Ewaste and hazardous chemicals waste. we have STP plant for liquid waste management at the capacity of 1.11 ML. we have MOU with synergy waste management (P) Ltd for disposal of Bio medical waste.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

1. "SamskaarThe Subharti Tradition" Objectives of the Practice: Jose Rizal has very aptly stated that "He who does not know how to look back at where we came from will never get to his destination". The University believes in this dictum and following that, the fourth pillar of our motto is Nationalism with the other three being Education, Service Culture. Our national heroes played a pivotal role by sacrificing their lives in achieving country's freedom.

Similarly several social reformers borne the wrath of the society but undeterred with anything, kept their crusade to curb the evils in the society. With a view to awaken the present generation about such forgotten heroes, the University has dedicated itself to establish a Best Practice to honour them. 2. "From Known to Unknown " Objectives of the Practice "Harmonious development of the head, hand and heart is the mark of a model man." To impart Knowledge in such a manner that the facilitator comprehends a learner's ability to understand the meaning of what has been taught and tries to simplify the deliberations while taking a student from his journey of known to unknown. Effort is to make our students to shed inhibitions and outreach to the society thus making difference at the grass root level. 3. "Learning through Service" Objectives of the Practice • To facilitate the process of teaching and learning through the mode of service. • To establish a communityinstitution linkage with the motto of service and thus promoting the practical learning capability of the students along with service • To lay foundation to a healthy nation through service oriented learning.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The Subharti University has been established on Fundamental values of 'Shiksha', 'Seva', 'Sanskar' and 'Rashtriyata'. SUBHARTI IS A MISSION OF SERVICE It is committed to provide basic necessities of life such as healthcare and education to everyone without any bar of caste, creed, religion or any other man made factors, by establishing schools, colleges, hospitals, ashrams and Service Centers. SUBHARTI IS A REVOLUTION OF LOVE AND SACRIFICE. It aims to bring people together by removing hatred, spreading love, building up of moral national character and extending service to mankind so as to make the dream of ~VASUDHAIV KUTUMABKAM come true. Social reformation by the formation of casteless society, removal of communalism terrorism is its major objectives. SUBHARTI IS AN EXPRESSION OF GRATITUDE to those who sacrificed their lives for the cause of humanity, equality and independence of our country, thus committing itself to NATIONAL INTEGRATION AND AWAKENING. That is why this University has been named after one of the most illustrious sons of India Swami Vivekanand. SUBHARTI IS AN ASPIRATION OF: (May All become Happy, May All become free from Illness. May All see what is Auspicious, Let no one Suffer.) The University continuously strives to provide quality education to its students through dynamic research, rigorous training and efficient mentorship. Research Innovation form a significant part of our envisaged goals. Our aim is to integrate research development with academics and encourage our faculty and students to carry on research on interdisciplinary, collaborative and community based issues and for developing excellent technologies that are responsive to local, national global issues. Our faculty members and students are inspired and motivated by creativity, ingenuity and resourcefulness. We believe in fostering pioneering minds are nurturing intellectually in individuals. We endeavour to create the best possible environment for our student's commitment to social cause and ethical values. The University management is also involved in coordination and interaction with students, faculty and staff with the objective to ensure smooth functioning and bringing excellence within the system. Apart from curricular activities the students of the University are regularly involved in cocurricular and extracurricular activities. Inter college competitions in games, sports and cultural events are organized round the year and students are encouraged to participate in them in order to develop

leadership quality.
